60+ Yearling Bulls

April 11th, 2017 | 1^{pm}

Perlich Bros. Auction Market
Lethbridge, AB

• COMPLIMENTARY LUNCH • \$250 BULL CREDIT DRAW • SALE FEATURE

THE RANCHER'S CREED

I believe a person's greatest possession is their dignity and that no calling bestows this more abundantly than ranching.

I believe hard work and honest sweat are the building blocks of a person's character.

I believe that ranching, despite its hardships and disappointments is the most honest and honorable way a person can spend their days on this earth.

I believe ranching provides education for life and that no other occupation teaches so much about birth, growth and maturity in such a variety of ways.

I believe many of the best things in life are free: the splendor of a sunrise; the rapture of wide-open spaces; the exhilarating sight of a herd of cows with their calves that were just born in the spring.

I believe true happiness comes from watching your horses and cattle graze in the hills and your children grow tall in the sun.

I believe my life will be measured ultimately by what I have done for my fellow man.

I believe in ranching because it makes all this possible.

A NOTE FROM THE RODGERS FAMILY

Welcome to our 44th annual bull sale. This year the sale will be dedicated to my Dad and business partner Michael Rodgers. For those of you who are unaware, Dad passed away July 21st, 2016. He was a keen believer in the Red Angus breed; after purchasing his first bull from Gary Conrad in 1969, Dad knew that Red Angus would be the breed of the future. Through hard work and promotion Dad and my Mother Ellamae have developed a very successful program. Dad was not one to hold his opinions, he was honest and direct. He always said he raised the kind of cattle he liked, and hoped that other people could find value in them as well. Dad was never one to chase trends and was not a big proponent of the show ring, but knew it's importance for the advancement of the breed. Dad believed that Red Angus should be performance driven cattle that are born easily and grow quickly all while maintaining their maternal traits. We will strive to maintain these goals in Dad's absence.

Our cattle herd is ran like commercial cattle, as unassisted as possible. Cows are brought in off grass just prior to calving and returned to grass ASAP allowing them to develop on their own. We like cattle that can do it themselves with as little intervention as possible. Rigorous culling is done every year to maintain efficiencies in all facets and traits. Our herd is on the Pfizer Gold Program and we **DO NOT** creep feed or trim feet, this allows you to view the bulls in their natural condition.

Last Spring we had 144 bull calves born with 114 going on test. They were weighed off test on **February 15, 2017** with an **ADG of 2.84 lbs/day**. At the time of print the bulls have not been semen tested but will be by mid-March and those results and any scratches will be posted on our website ASAP.

The bulls can be viewed at South Slope Feeders in Rainier until Sunday, April 9. Monday, April 10 they will be moved to Perlich Brothers Auction Market and will be available for viewing there.

We offer a site unseen program so if for any reason you cannot make the sale please contact us or one of the sales staff and we will hold your bid in the strictest of confidence. The sale is **NOT FINAL** until you approve of the bull. If you are unable to attend the sale and would like to participate, the sale will be broadcast on the internet on the Perlich Bros. Auction Market website www.perlich.com. **This is NOT an internet sale**. In order to bid you **MUST** contact one of the sales staff prior to the sale and they will contact you prior to the bull entering the ring. **100% SATISFACTION GUARANTEED!**

Our adjusted weaning weights and indexes are calculated based on our actual weights rather than using the calculated age of dam adjusted weights from the Canadian Angus Association (CAA). We feel that this factor gives too much benefit to our younger cows (2-4 years of age) while at the same time diminishes the true herd matrons (5-10 year olds) calf performance. Example: A 2 year old cow on her bull calf has 74 lbs. added onto the adjusted weaning weight, 3 year old cow has 38 lbs. added and a 4 year old cow has 16 lbs. added, 11 year old cows and older have 27 lbs. added. That being said when you receive your registration papers from the CAA you will find your adjusted weaning weights and ratios will be higher on the bulls with younger mothers and lower on the bulls with older mothers.

**WE LOOK FORWARD TO SEEING YOU ON SALE DAY!
PLEASE COME EARLY & JOIN US FOR LUNCH!**

THANK YOU FROM THE RODGERS FAMILY

PERLICH BROS
AUCTION MARKET LTD.

In the hub of the livestock industry since 1967

Welcome to the **Rodgers Red Angus Bull Sale!**

The Perlich family and staff are proud to participate in this year's **Rodgers Red Angus** Bull Sale. The Rodgers family puts a lot of effort into their herd and it is evident in this year's group of bulls.

Rodgers Red Angus has a strong reputation for productivity and performance in their bulls. We look forward to working with Ellamae, Shawn and their family to provide you with top quality bulls at this years sale.

TERMS OF REFERENCE

TERMS OF SALE: Are cash, debit or cheque and all settlements must be made on sale date. The right of property shall not pass until after settlement is made. All settlement must be made with the clerks of the sale before any cattle will be released.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed material in the catalogue.

CERTIFICATE OF REGISTRY OR RECORDATION: A certificate of Registry or Recordation, where applicable, duly transferred will be furnished to the buyer for each animal after settlement has been made.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyers, PERLICH BROS. AUCTION MARKET LTD. assume no responsibility in this matter and disclaims any liability legal or otherwise in the event of an accident or loss of property.

MAIL BIDS: Mail or wire bids may be furnished in confidential form to: PERLICH BROS. AUCTION MARKET LTD, Box 1057, Lethbridge, AB T1J 4A2

LIABILITY: PERLICH BROS. AUCTION MARKET LTD. is acting as agent only in this sale and is not liable in any manner whatsoever for any representations made by the seller. The purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.

KEY TO PERFORMANCE TERMS

AOD	Age Of Dam
DABW	Dam's Progeny's Average Birth Weight
205 D	Adjusted 205 Day Weight (in lbs.)
WI	Weaning Index
134 D	Weight Off Test (February 15, 2017)
134ADG	Average Daily Gain On Test
134 GI	Test Gain Index
WPDA	Weight Per Day Of Age
365 D	Adjusted 365 Day Weight (in lbs.)
365 DI	Index At 365 D Adjusted Weight

RED ANGUS EPD AVERAGES

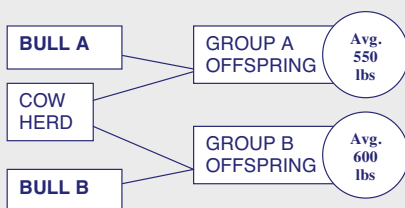

- allow breeders to estimate an animal's value as a parent
- allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management
- help breeders make informed decisions regarding breeding stock selection by evaluating numerous traits including growth-related traits (BW, WW, YW, Milk), carcass (REA, FAT, %IMF, etc.) and reproductive efficiency (CE, MCE, SC)
- estimate the average calf performance of one parent compared to the average calf performance of another parent, **assuming similar mates**

EPDs are an indication of how an animal's calves will perform on average compared to another animal's calves.

For example, if Bull A (weaning weight EPD of +10) and Bull B (WW of +60) were randomly mated with ten similar cows, we would expect the group average weaning weight of Bull A's offspring to be 50 lbs lighter than that of Bull B's (60-10=50).

Calf	A	B
1	500	400
2	510	450
3	520	500
4	530	550
5	540	600
6	560	600
7	570	650
8	580	700
9	590	750
10	600	800
Avg.	550	600

Note that not all calves from Bull B have a higher weaning weight, but the average is 50 lbs higher.

Accuracy – reflects the reliability of the EPD value. High accuracy values (>.70) mean the EPD value is closer to the true breeding value than an EPD value with a lower accuracy (<.20).

2016 EPD AVERAGES

CE: +3.4 MCE: +4.0 BW: -0.4 WW: +53 YW: +78 MILK: +17 TM: +44

Tool for evaluating animals include EPDs, pedigree information, DNA test information, and visual assessment.
